**OCTOBER IS FIRE PREVENTION MONTH**

***Pascagoula Fire Department Offers Free Training to the Community***

National Fire Prevention Week begins October 7<sup>th</sup>, and the Pascagoula Fire Department is proud to participate for the entire month of October. They provide in-service education to area businesses, schools, civic groups, churches and clubs all month long.

This year, PFD is very excited to have an addition to their training team. Thanks to a grant from FM Global (a national commercial property insurer) we are pleased to welcome a newly outfitted Sparky, the fire prevention dog. Nationally, he has been teaching kids about fire prevention and home safety since 1951.

If you are interested in scheduling one of these educational seminars for your organization, please contact Training Chief Jon Hyatt at 228-762-1901 or [jhyatt@cityofpascagoula.com](mailto:jhyatt@cityofpascagoula.com).
