To: Michael Silverman, City Manager
Charlene Kerkow, Comptroller

From: Geoffrey F. Clemens, P.E., City Engineer

Date: February 23, 2021

Subject: City of Pascagoula Critical Infrastructure Items

Based on available budget amounts from water/sewer funds and modern infrastructure funds provided on February 16, 2021, as well as prioritization of needs and size of projects, the following projects appear to be the most feasible to initiate in 2021:

- Membrane Replacement(s) at Water Plants - \$150,000
- Buena Vista South/Seacove/Amonett and Hudson Sewer - \$520,000 (water, sewer, and drainage)
- Water Well Replacement Design and Permitting only this year - \$75,000 (replacement will be \$500,000 - gas sale proceeds are an option to fund replacement?)
- Hydraulic Model Update and Field Testing - \$25,000-\$35,000 (water related)
- Miscellaneous Sewer Repairs, Water Leak Repairs, and Miscellaneous Drainage (through bid maintenance contract) - \$150,000
- SSES (Phased) – Flow Monitoring and Video Inspection - \$25,000-\$75,000

These projects were selected from the Critical Infrastructure Items presented to Council on February 16, 2021.
