Resurrection Baseball renovation

To: Jonny Olsen

Regrade infield.

Scope of work:

- Remove existing sod and haul off on site.
- Laser grade existing dirt.
- Import sand to achieve proper sub grade elevation and laser grade.
- Lay 419 Bermuda sod.

Total for above scope: \$23,470.00

Total if school supplies and installs the sod: \$17,800.00

***** Area includes entire grass infield area and infield foul territory area.**

Turf Homeplate

Scope of work:

- Excavate clay and haul off on site.
- Install liner
- Install gravel base
- Install turf.

Total for above scope: \$10,900.00

***** Turf home plate area will be terracotta color and include foul lines, batter's boxes, and catcher's box.**

Turf behind home plate

Scope of work:

- Excavate and haul of grass and soil.
- Install liner
- Import and grade limestone
- Install turf

Total for above scope:

\$18,950.00

***** Turf area includes 10' down each baseline from the end of the home plate circle and all the way back to the backstop wall. Turf will be solid green with no logos.**

Please let me know if you have any questions.

Thanks for the opportunity,
