

WASTE PRO REMINDS PASCAGOULA CUSTOMERS TO USE GARBAGE BINS FOR GARBAGE AND RECYCLE BINS FOR RECYCLEABLE MATERIALS

Putting Household Garbage in the RECYCLE BIN Will Result in NON-PICK UP of Recycle Bin

As previously announced, Waste Pro has been going throughout Pascagoula, in accordance with the new contract, delivering *and swapping out** recycle carts at every residence. This is done if you had one previously or not.

We would like to inform you, the citizens, of some of the changes that have occurred over the last few weeks:

- You are being delivered a 35 gallon recycle cart that is used for recycling. Please be advised, these carts are for RECYCLE ONLY and any cart found to have ANY household GARBAGE in **it will not be serviced**. This creates a major problem when it comes to the removal of waste on pickup day.

If you have any questions, concerns, requests, please feel free to call Waste Pro at **228-818-5393** and make sure to press #2 for Residential.

We highly encourage every resident to recycle, however, if you do not wish to participate, or have extra carts or bins you would like to turn in, give us a call and we will put in a request to have these carts removed within 24 hours of your request.

Thank you in advance for your cooperation,

Waste Pro

** This is a "swap out" of older recycling bins. Please make sure they are upside down at the curb on your designated pick up day, so they can be replaced.*
